

BIG MUNICIPAL PIER AT LONG BEACH COLLAPSES BRINGING DEATH TO 33

LAND END OF DOUBLE DECKED PIER BREAKS WITH WEIGHT
OF ENORMOUS CROWD

Hundreds on the Top Deck are Plunged Down Upon the Heads
of Others on the Second Deck Which in Turn Gives Way and
Drops the Whole Struggling Mass of Groaning Humanity
to the Tide Washed Beach Sands Twenty Five Feet Below.

LONG BEACH, CALIF., MAY 24.—Too weak to uphold the burden of nearly 10,000 human beings assembled for the festivities of "British Empire Day" the land end of the big double decked municipal pier in front of the city auditorium collapsed today. Hundreds of persons on the top deck plunged down on the heads of other hundreds crowded on the second deck. The lower deck then gave way and all were dropped down a chute of shattered wood work to the tide washed sands twenty-five feet below.

Thirty-three persons—mostly women—were killed by the shivered timbers, or crushed to death by the falling bodies of companions and friends. Fifty more were seriously injured while hysteria and paralyzing freight disabled scores of others. A section of the auditorium, which went down in the crash and the debris from it, was added to the wreckage that fell on top of the injured and the dead.

The victims were subjects or former subjects of Great Britain, resident in southern California.

The dead were laid in the national guard armory, while the injured were hurried to hospitals in this city and Los Angeles.

All the doctors in the city are working tonight and their efforts are reinforced by surgeons and nurses who came from Los Angeles.

The accident occurred a few minutes before 12 o'clock. The Empire day parade, the principal feature of the celebration in honor of the late Queen Victoria's birth anniversary, had just ended and the participants with thousands of other visitors were crowding up the steps of the pier and surging toward the auditorium when the pier sagged. An instant later the supports gave way and the crack and groan of breaking timbers mingled with the shrieks and cries of the victims, as all went down into a mass of broken wood and writhing human forms on the sand.

Virtually the entire landing of the pier was wrecked and a portion of the auditorium front fell.

Due to Massing at the Doors.

The cause of the accident was the overburdening of the pier. This according to an official statement tonight was due to the delay in unlocking the doors. Had the doors been unlocked at the proper time it was asserted, the crowd would have gotten into the auditorium instead of massing at the doors, where the weight, overwhelmed the pier supports.

When the auditorium front fell out those near the doors tried to get out of the pier and went down on top of the scores who already lay hurt or dying on the sand.

Mayor Hatch of Long Beach, who was to have been one of the principal speakers at the celebration was in the midst of the throng. He escaped unhurt, however, and, aided by Mayor George Alexander of Los Angeles who came down from the city of that city's public hospital corps and several platoons of police, directed the work of rescue.

Crash Comes Without Warning.

In addition to the thousands gathered on the pier and its approaches, the strand was thronged by a crowd of probably 25,000 persons. There was but little warning. A resounding crack alarmed them and panic spread from end of the pier to the beach, while women began to shriek. Then occurred a desperate rush for the stairways as the floor gave way and the victims slid into the gaping hole as into a huge funnel.

Soon the massive pile of wreckage marking the spot where the

dead and wounded was surrounded by a dense throng, which overwhelmed the few policemen and for some time rendered futile every effort at rescue.

The police could not get through the crowd and Chief of Police Austin sent an appeal to Los Angeles, 24 miles away for reinforcements. These came in automobiles and after helping to drive back the crowds of curious and overwrought people they assisted in succoring the injured and removing the bodies of the dead.

The tide was out when the crash occurred else the collapse would have thrown hundreds of persons into the sea and many drownings would have been added to the list of fatalities.

Council Holds Session.

The Long Beach council held an executive session late today and it was announced that the municipal government was assuming all expense, paying the funeral costs for the dead and supplying funds for the relief of the injured.

The auditorium, like the pier upon which it was built ten years ago is owned by the city.

ASKS DIVORCE FROM VREDEBURG ON GROUND OF INFIDELITY

Bill Represents That on January 17th, Date Stated in Maude Robinson Affidavit, the Wrong Upon Which Divorce is Asked Was Committed.

Springfield, Ill., May 24.—Divorce on the ground of infidelity from Thomas D. Vredenburg whose name was mentioned frequently in the senate committee's investigation of the Maude Alberta Robinson affidavit, is asked by Lutye Pease Vredenburg in a bill filed here in circuit court last Thursday and made public today. Mr. Vredenburg is a son of Peter Vredenburg, millionaire lumberman.

The bill represents that on January 17th, of this year in Chicago the wrong upon which divorce is asked was committed with a woman unknown. This is the date stated in the Maude Robinson affidavit. Lieut. Governor O'Hara who demanded an investigation following the filing of the affidavit has been ordered by the special senate committee. None of the names other than that of Mr. Vredenburg is named in the bill filed today. The Vredenburgs were married in Springfield on May 10th, 1899. There are two children Warren Ogden Vredenburg, aged 13 years and Thomas Doremas Vredenburg, Jr., aged 11 years. Both are now living with their mother, and she asks the court to give her the care and control of them.

JAPANESE EMPEROR REPORTED OUT OF DANGER

It is Believed That Only Careful Attention is Now Necessary to Restore His Health.

Tokio, May 25.—Emperor Yoshihito is now considered practically out of danger, according to the statement issued by Count Watanabe, the imperial master of ceremonies, this morning. The emperor passed another favorable night and as the crisis was reached Friday night it is believed only careful attention is necessary to restore his majesty to health.

Throughout, the empress has shown the utmost devotion. She still refuses to leave the bedside and acts as nurse, insisting upon personally giving the emperor his medicine and food.

Last night the emperor said: "I feel much better. Tomorrow being Sunday I hope you will all take a rest."

VIOLATES DIVORCE LAW.

Chicago, May 29.—Carlton Prouty, a wealthy real-estate dealer of Minnesota and former collector for the town of New Trier, was fined \$500 and sentenced to serve three months in the county jail by Judge Tuthill in the circuit court today. Prouty was found guilty of contempt of court for having violated the Illinois law which prohibits the marriage of divorced persons within one year. Judge Tuthill also severely censured Prouty for having married his former stenographer, Miss Marie Buescher, at Laporte, Ind., four days after his first wife had obtained a decree of divorce. The court also indicated that the marriage of Miss Buescher and Prouty would be annulled.

FIGHT EAST DRAW.

Pittsburg, Pa., May 24.—Eddie McGorty of Oshkosh, Wis., and Frank Klaus of Pittsburg, middleweights, fought six rounds here tonight. The fight was one clinch after another. There was no decision given. In the opinion of many it was about an even break.

STILLWELL FOUND GUILTY OF BRIBERY

HAD RECENTLY BEEN EXONERATED
BY NEW YORK STATE SENATE

Sentence For the Crime Will Be Pronounced Wednesday For Which the Maximum Penalty is Ten Years Imprisonment and a Fine of \$500.

New York, May 24.—Stephen J. Stillwell, state senator from the Bronx, recently exonerated by the New York state senate of charges of bribery was found guilty of bribery today by a jury. The maximum penalty for the crime is ten years imprisonment and \$500 fine. He will be sentenced Wednesday.

The jury deliberated a few minutes more than two hours in reaching the verdict that automatically takes Stillwell from his seat in the state senate. The convicted legislator lurching forward a step when the foreman pronounced the jury's findings. He is 47 years old and married.

Stillwell was led to the Tomba after Justice Seabury had denied the usual formal motion for setting aside the verdict.

His counsel announced an appeal would be sought.

The crime for which Stillwell stands convicted is soliciting money in return for his promised influence in reporting out in the senate and assembly a bill aimed to set aside a regulation of the New York Stock Exchange against listing securities not printed by designated bank note companies.

George H. Kendall, president of the New York Bank Note company sought to have this bill passed, alleging his company had been discriminated against by the stock exchange for years. He charged that Stillwell wanted \$3,500 to expedite the bill out of committee.

Kendall's charges were investigated by the senate which exonerated Stillwell by a close vote after he had made a dramatic plea in his own behalf but his indictment here followed.

SWALLOWS THREE BICHLORIDE OF MERCURY TABLETS BY MISTAKE

Auto Salesman's Case is Almost Identical With That of B. Sanders Walker Except in Amount of the Dose.

Chicago, May 24.—W. L. McCutcheon, an automobile salesman who took three bichloride of mercury tablets thinking they were aspirin, will not know for a week whether his mistake carried a death sentence. McCutcheon's case is almost identical with that of B. Sanders Walker, the Macon, Ga., banker who died Wednesday night of the same poison, except in the amount of the dose. McCutcheon took three tablets of 41-50 grains each, while the Georgia man swallowed seven grains.

McCutcheon's hope for life is based on the speed with which he obtained medical aid. It is believed most of the poison was eliminated by emetics.

McCutcheon complained last night of feeling ill and took three tablets he believed to contain aspirin.

He retained his consciousness and has suffered no great pain.

FACTORY SUPERINTENDENT HELD FOR GIRL'S DEATH

Leo M. Frank Indicted on Charge of Murdering 14 Year Old Mary Phagen.

Atlanta, Ga., May 24.—Interest in the murder of Mary Phagen, the 14 year old factory girl whose body was found in the basement of the National Pencil factory, April 27th, was deepened today by several developments.

Leo M. Frank, superintendent of the factory, today was indicted by the grand jury on a charge of murdering the girl. Frank was held by the coroner's jury for investigation and has been a prisoner since a few days after the murder was discovered.

The grand jury took no action in the case of Newt Lee, the negro nightwatchman, also held for investigation. Lee's attorney, however, issued a statement in which he indicated that his client will give testimony calculated to prove the identity of the girl's slayer.

TRAVERS WINS CHAMPIONSHIP

New York, May 24.—For the fifth time in his golfing career, Jerome D. Travers, of Upper Montclair, N. J., won the Metropolitan amateur championship title by defeating August F. Kammer, the Staten Island champion at the Fox Hills golf club today. Travers also holds the national title.

Kammer the runner up, was scarcely able to make the champion extend himself. He was eight down at the conclusion of the first half of the 36 hole match today and the match ended on the eleventh hole in the second half. Travers winning by 8 up and 7 to play.

BREAKS AMERICAN FIELD RECORD.

Walla Walla, Wash., May 24.—An all-American field record was broken today when "Buck" Phillips of Idaho hurled the javelin 186 feet or eight feet better than his previous record in the Idaho-Washington state college meet several days ago.

M'CARTY KILLED IN BOUT WITH PELKEY

Is Knocked Out in First
Round of Fight and Dies
Eight Minutes Later

HEART FAILURE CAUSE

Death Was Caused By Heart
Failure Superinduced By
Blow Near the Heart

10,000 WITNESS TRAGEDY

CALGARY, ALBERTA, MAY 24.—Luther McCarty, a 21 year old giant, claimant of the world's white heavy-weight championship, was knocked out in the first round of a fight with Arthur Pelkey here today and died in the ring eight minutes later.

Death was caused, according to physicians, by heart failure, superinduced by a blow delivered in the heart regions. The heavy-weights had been fighting a minute and forty-five seconds when the battle came to its tragic end.

They began boxing cautiously, feeling each other out. Then they clashed, landing rights and lefts to the head. McCarty missed a savage swing and the men clinched, Pelkey driving his right to McCarty's heart region.

Instantly the massive open air arena, packed with ten thousand howling men, became deathly silent. McCarty paled under the blow. His limbs trembled and, as Pelkey stepped back, McCarty tumbled back to the ropes, collapsed and stretched flat on his back.

The referee, Edward Smith of Chicago, assuming that McCarty had been knocked out, knelt over him to count off the fatal seconds. Pelkey, the winner, stood beside his fallen adversary. He scarcely could realize what had happened. When McCarty failed to show signs of regaining his consciousness, Referee Smith became alarmed and shouted for doctors. Several of them leaped into the ring.

Police Clear Ring.

The northwest mounted police were called into clear the ring of the crowd, which had swarmed over the ropes. The physicians worked over the stricken man for eight minutes when they pronounced him dead, but continued efforts to resuscitate him by artificial respiration for more than an hour.

There were probably ten thousand men in the arena when it became known that McCarty was dead. A few minutes before, whetted by the lust of primitive battle in the preliminaries, it had been a howling mob but the tragic end of the battle checked the spirits of the spectators and they filed quietly out of the arena shocked beyond expression.

Laughed and Joked With Friends.

Both men apparently were in splendid condition when they entered the ring. McCarty was the first to climb over the ropes. He was laughing and joking with his friends and handlers and apparently in a confident mood. A few minutes later Pelkey appeared. Both were cheered, Pelkey, a strong local favorite, receiving the greater applause. The men shook hands, were photographed and the bout started.

Both sparred cautiously at the opening. There were several mix-ups of no consequence, then Pelkey jabbed McCarty on the jaw. It was a stinging punch and McCarty winced under it, but smiled. Then, after about a minute of fighting there was a fierce exchange and a clinch. It was in the clinch that McCarty received the blow which caused his death.

The referee and the crowd thought it was a knockout and the official after making the customary count, held up the hand of Pelkey, indicating that he had been declared the winner.

McCarty's seconds rushed to his side and began to work over him. After a few seconds there were calls for a physician. Even then the crowd did not realize the seriousness of his condition. A few minutes later his death was announced.

James Short, "Kingston counsel," stated that an information will be placed against Pelkey and possibly some of those closely associated with promoting the contest.

Liable For Manslaughter.

Under the laws of Alberta every spectator is liable to be arrested for manslaughter.

Practically the last words McCarty heard were from a minister when the pastor of a local church entered the ring and after saying there was nothing brutal in the preliminaries, asked the great audience to think that they were daily engaged in a similar fight in life. The minister said he did not disapprove of boxing; that he had boxed himself when he was younger. He concluded by inviting all present to church Sunday.

He was given a respectful hearing.

Blow Sufficient to Cause Death.

The physician who attended McCarty and who made the examination after death contends that the collapse of the fighter was due either to organic heart trouble or paralysis of the heart. He stated that owing to his condition a blow over the heart was sufficient to cause death. William McCarty, McCarty's manager, is reported over the tragic end of his protégé. When physicians pronounced him dead, McCarty burst into tears.

"All that I have to say is that Luther was the cleanest and best boy I ever had anything to do with" he said.

"I am very sorry," said Tommy Burns, manager of Pelkey. "It is one of those things which cannot be helped and my sympathy goes to Pelkey too. He was no more responsible for what happened than a man would be who was a mile away from the ring."

Pelkey was too overcome by the tragedy to make any statement. Referee Smith declined to make a statement.

Was of Powerful Physique.

Luther McCarty was born in Lincoln, Neb., on March 17, 1892. His father was an Indian half breed and his mother of Irish extraction. Standing a trifle over six feet three inches, he was physically powerful. His best blow was a right uppercut, which he used almost continuously in clinches.

He first sprang into prominence when he defeated Carl Morris at Springfield, Mo., on May 3rd, 1912. McCarty was immediately hailed as a "white hope." His best battle was with Al Palzer at Los Angeles last New Year's Day when he defeated the conqueror of Bombardier Wells in eighteen rounds. His last fight previous to the fatal battle of today, was a ten round victory over Frank Moran at New York on April 30th.

Pelkey a Terrific Hitter.

Arthur Pelkey, whose punches caused McCarty's death, is one of the new crop of heavy-weights which sprang up after the defeat of Jeffries by Jack Johnson. He hails from Chicope Falls, Mass., and is a powerful six footer who fights at about 200 pounds. While never a clever boxer, he has always been noted as a terrific hitter. He has fought a number of bouts in the east usually meeting third raters with rather indifferent results. His two bouts of importance were against Jess Willard at New York last July and Tommy Burns at Calgary several weeks ago.

Burns, former heavy-weight champion, announced a heavy-weight elimination tournament to be staged at his club in Calgary and as the opening attraction billed a bout between Pelkey and himself. The contest was declared a draw at the end of ten rounds and Burns immediately matched Pelkey against McCarty.

The death of McCarty adds another fatality to a long list of fighters killed in prize ring battles.

Pelkey Out on Bonds.

Pelkey was arrested tonight by the mounted police and charged with manslaughter but later was released in bonds of \$10,000 which was provided by Tommy Burns and Fred O. Lowe.

An autopsy on McCarty was held this evening. Corner Costello swore in the jury and adjourned the inquest until Monday afternoon. McCarty was not medically examined just before the fight and not since last Monday, when he was reported physically fit.

Wife Makes No Comment.

Fargo, N. D., May 24.—Mrs. Luther McCarty did not let news of her husband's sudden death interfere with her duties in a restaurant here tonight. When first told of the death of McCarty she refused to believe it and when the death was confirmed refused to make any comment.

Thought He Had Fainted.

Tommy Burns would not make a statement. He was arrested on a formality.

"In the midst of the light blows, one apparently caught McCarty on, or below the heart. Whatever the blow was, it was a light one and not serious enough in pugilistic sense to bother a light-weight. Being within ten feet of him I remarked when he sank down at least six feet distant from his opponent that he had fainted."

MAKES LONG DISTANCE FLIGHT.

St. Louis, May 24.—Tony Jannus made a hydro-aeroplane flight from Paducah, Ky., to St. Louis today, a distance of 250 miles.

Jannus was accompanied by Wells Ingalls of Boston.

The hydro-aeroplane left Paducah at 8:30 o'clock this morning and followed the Ohio river to Cairo and the Mississippi to St. Louis, covering the 250 miles in 4 hours and 13 minutes of actual flying time. He reached here at 4:56 p. m.

Jannus stopped at the Thebes, Ill., bridge for gasoline and when the pilot, a native of St. Louis, fitted down to the water and refilled his gasoline tank for the second time.

COMPLETE FIRST CUT.

New York, May 24.—The first tough cut of the Panama canal from east to west was completed today when two steam shovels working from the opposite directions met at Culbra, according to a special despatch from Panama tonight.

With the meeting of these great steam shovels the canal was opened at Grande from ocean to ocean. Hundreds of workmen quit work and cheered when the big shovels scooped out the last bit of earth that joined the two continents. There is still to be excavated in broadening the canal about 8,000,000 yards of earth.

WILL RESUME AUDIENCES

Rome, May 24.—Notwithstanding the injunction of his physicians the Pope who now feels that he is recovered his health will resume on Sunday the audiences suspended at the beginning of his recent sickness. In doing so the pontiff said that he could not even for the sake of health omit what he considered to be the duty of his office.

JUDGE MUST RULE ON POINTS IN DISPUTE

MUST DECIDE ON WHOM PROOF WILL
FALL IN LIBEL SUIT

What Constitutes Drunkenness is another Point in Roosevelt-Newell Case Calculated to Afford Much Opportunity for Argument.

MARQUETTE, MICH., MAY 24.—After the selection of a jury and the opening statement of counsel for the plaintiff in the libel suit of Theodore Roosevelt against George A. Newell which begins here next Monday, Judge Flanagan, among his first duties, probably will be called upon to rule on just how much proof will fall upon the plaintiff and the defendant.

The points upon which local lawyers are cogitating is whether Colonel Roosevelt must prove in detail that the drunkenness charge was libelous or whether his claim for damages can be sufficiently set forth in a simple denial of the editorial charge, leaving to the defense a burden of proving the truth of the allegations in the editorial printed in the Iron Ore during the presidential campaign last year.

What constitutes drunkenness is another point calculated, it is said to afford much argument for counsel, much quoting of authorities and considerable thought on the part of the jury. It is said that drunkenness has been defined in many ways by many courts, it is judged by many tests, including ability to distinguish colors, remember one's home address clearly or thickness of speech and a hundred other signs.

The significance of these evidences vary with the individual according to court decisions for while some men have proved control of their faculties after many drinks, other only of one or two have behaved with great eccentricity and hilarity.

Colonel's Party Large.

Word was received here today to reserve accommodations for the following members of Colonel Roosevelt's party:

Frank Harper, Jacob Riis, Gifford Pinchot, Frank H. Tyner, Robert Bacon, William Leach Jr., Edmund Heller, Walter Brown, J. C. O'Laughlin, O. K. Davis, J. Sloan, Judge A. Z. Blair, W. Emline Roosevelt, Philip Roosevelt, Dr. Alexander Lambert, James R. Garfield, Truman H. Newbury and eight others. Most of them are witnesses.

Has Left New York.

New York, May 24.—Theodore Roosevelt left at 5:30 o'clock this afternoon for Marquette, Mich., to prosecute his libel suit against Geo. A. Newell, publisher of the Iron Ore at Ishpeming, Mich. The libel suit resulted from the publication during the last presidential campaign of an editorial in the Iron Ore in which the statement was made that Col. Roosevelt was untruthful, was given to the use of profanity and used intoxicants in excess.

STEAMER STRIKES MINES IN GULF OF SMYRNA AND SINKS

Only 80 of 200 on Board are Reported Saved—Was Flying American Flag.

Smyrna, May 24.—The Steamer Nevada with 200 passengers on board struck three mines in succession today in the Gulf of Smyrna and sank. Only 80 of the passengers and crew are reported saved.

The mines were strewn in the coast waters by the Turks to prevent attack by the Greek fleet during the Balkan war.

The Nevada though owned by a Turkish company, was flying the American flag. She belonged to a fleet of eight steamers of which seven were renamed in 1910, and were transferred to the American flag.

She is the second passenger steamer to be sunk by mines in the Gulf of Smyrna within a week and the fourth destroyed in the manner since the Gulf was mined on the outbreak of the Turco-Italian war.

HEETER DENIES CHARGES.

Pittsburgh, Pa., May 24.—Public sessions of the citizens' committee investigating rumors reflecting on Sylvannus L. Heeter, superintendent of schools of Pittsburgh, came to a close today after the superintendent took the stand and denied the charges made recently by Mrs. Arthur H. Wessels who was Miss Alice Lang, a stenographer in the superintendent's office.

Mr. Heeter said that he did not invite Mrs. Wessels to be unduly intimate and that he neither threw his arms around her nor attempted to kiss her. His statements were corroborated by clerks in his office at the present time. It is expected that a report on the moral fitness of the superintendent will be made to the board of education at its meeting on Tuesday.

CORNELL DEFEATS HARVARD.

Ithaca, N. Y., May 24.—The Courtney stroke proved superior again today when the Cornell varsity eight defeated Harvard's crew by six boat lengths in a two mile race on Cayuga lake in ten minutes and six seconds. Harvard's time was 10:51.

Harvard, however, sprang a surprise in its freshman crew which won by one and one-quarter boat lengths in 10:48. The Cornell freshmen's time was 10:23.

STRIKEN WITH
HEART TROUBLE.

Los Angeles, Calif., May 24.—Billy Arlington, the minstrel man, died today in a hospital here, aged 78. He was stricken with heart trouble several days ago.

G. O. P. LEADERS LAY PRELIMINARY PLANS

Plan for Congressional
Campaign of 1914 and
Battle Two Years Later

COMMITTEE WILL MEET

Meeting Has Been Called for
60 Days After Adjournment of
Congress to Outline Work

EXPECT CONVENTION IN 1914

WASHINGTON, MAY 24.—Leaders of the Republican party—members of the executive committee of the national committee from twelve states—gathered here today and laid preliminary plans for the congressional campaign of 1914 and the national political battle of two years later, to regain control of congress and possession of the white house.

As a result the Republican national committee will meet sixty days after the adjournment of the extra session of congress and an extraordinary Republican national convention is expected not later than a year hence. Changes in the basis of representations and reform of methods of party procedure, which have been subject to criticism, will be disposed of through these agencies. Today's conference was the first formal meeting of Republican leaders since the 1912 campaign and it was harmonious throughout. The suggestion of progressive element for a national convention in the near future was heard and it was practically the unanimous opinion that such a convention should be called. It was decided to submit this question to the national committee and the agreement of opinion among the executive committeemen was taken as an indication of what might be expected from the larger body.

To Work in Co-operation.

Plans for the coming campaign agreed upon include close co-operation by the national committee with the congressional campaign committee through district headquarters to be established here in July. Secretary James B. Reynolds of the national committee will be in charge. Chairman Hillis, Senator Jackson and former Senators Crane and Sanders were appointed to plan the details.

Charles B. Warren of Michigan, Sherman Granger of Ohio and Roy O. West of Illinois, members of the national committee; Senator Jones, James A. Fowler, assistant to the attorney general; Minority Leader Mann of the house of representatives and former Representative Olmsted of Pennsylvania were named as a committee to consider questions affecting contest before the national committee and the recognition of the primary system of electing delegates to national conventions.

To Meet After Congress Adjourns.

The decision to call the national committee together sixty days after adjournment of congress was reached because by that time party leaders believe that they will have a sufficient knowledge of what the country thinks of the Democratic tariff, currency reform and possibly other important legislation, to lay definite lines for the campaign.

Senator Cummins tonight expressed gratification over the outcome of the meeting. He declared the executive committee had granted everything the Progressive faction had asked in its letter.

FAILS TO QUALIFY AS PILOT.

Kansas City, Mo., May 24.—Roy P. Donaldson of Springfield, Ill., accompanied by John Watts, of this city, made a flight in the balloon Kansas City II from this city today but he failed to qualify as a national pilot because he was unable to make the final flight which he must make alone. The balloon landed on a farm in Clay county, Missouri, where help could not be secured to raise the bag for a second flight.

Mr. Donaldson expects to make the final flight which will give him a pilot's license, in a few days.

RESOLUTIONS PASSED IN HONOR OF DR. CARL E. BLACK

Action Taken at Recent Meeting of
Illinois State Medical Society
When Local Physician Severs
Connections Officially With Or-
ganization.

Dr. Carl E. Black who has been officially associated with the Illinois State Medical Society for the past fifteen years, tendered his resignation, at the recent meeting held in Peoria. Dr. Black was chairman of the legislative committee for four years, president for one year, member and chairman of the council for ten years.

At the meeting the recent index of the transactions of the society from 1850 to 1898 which was edited by Dr. Black was presented to each member. A copy was also sent to every medical library in the United States. The index is most comprehensive and shows a great deal of labor.

On account of Dr. Black's long association with the society and his efficient and painstaking work the following resolutions were introduced by Dr. Frank P. Norbury of Springfield and adopted by a rising vote:

In the world's work, there is always inspiration in the unfinished business, much of which cannot be completed until the heroic possibilities assure fitness of time, place and persons to complete it. The Illinois State Medical Society in its call for new chivalry some years ago, a chivalry that would honorize its efforts in its dealings with human ideals, brought to its banners a man who placed professional ideals and honor above the sordid standards of a decadent commercialism, a man of sub-servient spirit, indefatigable, soldierly, and ambitious in the spirit of service; a kind of a man who commands respect, whose intentions were and are of the kindest towards his fellowman; a man who despises incentives and who advocates policies which were creative and which found no consolation in inglorious peace; nor catered to the inanities of fashion. In him is to be found the heroism of war, the unselfishness of service, and the militant and missionary spirit of the best ideals of professionalism.

In retiring from his years of activity in honest endeavors, on behalf of this society, and while this society is waiting to catch up with the pace he has set in the ideals of professional advancement, it is fitting on this occasion that the following resolutions be offered and placed in the minutes of this deliberating body as a testimonial to the services rendered the Illinois State Medical Society by Dr. Carl E. Black, of Jacksonville, counselor.

Whereas, Dr. Carl E. Black has seen fit to tender his resignation as counselor for the sixth district, and Whereas, his severance of the official relations which during the useful years of his service have so closely identified him with the constructive policies and honest endeavors of this, the Illinois State Medical Society; and

Whereas, his unselfish devotion to duty, his prodigious energy in developing and maturing relevant policies; his personal pride in the honorable professionalization of his organization, have marked him as a practical idealist, the standards for which he stood, being always for the best; therefore, be it

Resolved, that the house of delegates of the Illinois State Medical Society here assembled, express their appreciation of his work, confidence in his personal integrity, and conscientious endeavors, and service rendered by him during all the years of his official connection with this society. Further, be it

Resolved, that we inscribe these resolutions in the minutes of this meeting, as a perpetual reminder of his sterling worth and devotion to the best interests of the Illinois State Medical Society.

A large variety of bags, trunks and suit cases is found at Garland & Co.

COMMENCEMENT AT STATE SCHOOL FOR BLIND

Program Has Been Issued for Annual
Event—Dr. Frank P. Norbury to
Give Address.

Dr. Frank P. WOMAN'S COLLEGE CAMPAIGN NOW AT CRISIS POINT

A visit to the offices of the Illinois Woman's college is full of interest just now. In addition to the extra work made necessary by the approach of Commencement, there is a strong force carrying forward the work of the closing days of the endowment campaign. Ordinarily the click of the typewriters begins at 8 o'clock in the morning and is constant until 5:30; but these days 5:30 is the middle of the afternoon. Eight o'clock, nine o'clock, ten o'clock and sometimes eleven o'clock finds the force still busy. President Harker and Counsellor Hancher are actively encouraging the campaign in all directions. The mails are big with the story of the need, and the wires are beginning to be busy with the final calls. "When the executive committee and the custodian of the pledges checked up to the lists to 3:15 p. m. Friday, May 23rd, they found a total of \$189,000. This leaves a balance of \$25,946.15 and only twelve days. More than \$2,000 a day still to find. If June 4th does not see the entire \$189,000 pledged the custodian is actually under a bond to return all gifts and pledges to the donor." This statement was sent out to all members of the Illinois Conference and will be read to day to more than 300 congregations. A meeting of the faculty was held at the College Chapel yesterday afternoon and all the members are writing pen letters to their friends making their last appeal.

This week a local worker will be sent out to each of the districts of the Illinois conference to encourage inside and help the district organizations in their work. Dr. Hancher has to leave Wednesday evening, because of that Dr. Thos. Nicholson, corresponding secretary of the board of education telegraphed yesterday afternoon that he will arrive on Wednesday morning, and co-operate with President Harker until the finish. It is a great campaign and worth while. The people of Jacksonville who have already subscribed are not now being solicited for further subscriptions. However, the campaign committee appeals to them to busy their pens and their telephones in soliciting their friends. The campaign office will furnish literature, information etc., at request in person or by telephone.

Yesterday morning at Chapel, after the devotional services were over and announcements had been made, Dr. Harker quietly put his right thumb and index finger to his vest pocket. Immediately the entire student body burst into applause; for, does he not carry the pencil there with which he marks off the squares from time to time on the record board, each of which represents a thousand dollars. He marked off \$7,000 yesterday morning which was the measure of the total subscription of the recent days. No further figures will be announced until Tuesday morning. It is hoped that enough may come in over Sunday and Monday to justify the release of further blank squares at that time. The campaign is approaching the bandwagon-stage. And we are wondering if those people in Jacksonville who have not yet subscribed will not soon hear "the sound of a going in the tops of the mulberry trees."

"THE WORLD IN CHICAGO."

Mr. and Mrs. Ensley Moore and Mrs. W. H. Kine have returned from Chicago. In part they went up to the city by the lake to visit the great missionary exposition now being held in the Coliseum and Auditorium. All nations are shown in the booths at the Coliseum and real missionaries and missions are some of those who explain matters to visitors. In the afternoon and evening, at the Auditorium is given the pageant of east and west and north and south, showing the peculiarities of the peoples of the earth. It is a grand entertainment, doubly valuable as showing how missions are conducted, and as giving realistic reproductions of the scenery, homes and people of the whole earth. Mr. Moore says he cannot recall another so interesting and valuable a thing to be seen in Chicago, since the great Columbian exposition of 1893. Every one who can ought to go up and see this marvelous exhibition. The charges for admission to the Coliseum are only 10 and 25c, and those to the pageant are very reasonable.

Howe's candies are always fresh.

Mrs. Logan Hay will chaperon an automobile party to the city Wednesday to witness "Iphigenia in Tauris."

Mr. Raymond and company will go to Decatur this morning where Manager North has arranged for a return engagement of a week. It is possible Manager Hunt of the Grand may secure Raymond for another engagement here as the audiences were greater at each succeeding performance and many came again and again.

The Power of the Cross
A Wonderful Two-Reel Melodrama.

This photo-drama is of a similar school of literature as Hall Caine's "The Christian," and though a different tale, will suggest that great play. A young clergyman through an unfortunate marriage is tempted to renounce God and the church and fight his battle as a layman, but the good offices of a pure woman overrules his passion and hand in hand they go forth to bear the burden and teach "The power of the cross."

Arthur Johnson plays the role. An absolute guarantee, one of the best pictures ever put on a screen.

OPEN DOOR TO GOSPEL

WANTED IN CHINA

President of the Republic So Told National Y. M. C. A. Secretary. Now Visiting There.

We Americans must get over the idea that the Chinese are an inferior people. The Chinese, with the same opportunities, are our intellectual equal.

No people has experienced a more rapid awakening, and in nothing has the change been more complete than in the feeling about Christianity—from the president down to the coolies.

Christianity as a builder of unselfish character, has come to be regarded as a governmental necessity, and some of the pillars of Confucianism are among the largest givers to the Young Men's Christian Association.

A little while ago China was one of the most difficult countries in the world in which to do Christian work. It is now the easiest. "From an interview this morning with Fletcher Brockman, Y. M. C. A. 'statesman,' for the last fifteen years national secretary of the association for China.

To be national secretary of the Y. M. C. A. in China is to be on friendly terms with the president and other leading statesmen of the republic. Such is the experience of Fletcher Brockman, who has just arrived in Chicago on a six months' visit to America.

Mr. Brockman's work has caused him to become acquainted personally with the leading men of China, among them Yuan Shi Kai, the president, and Dr. Sun Yat-Sen, the Chinese George Washington and former provisional president of the republic. These men, as well as members of every class below them, have perceived an important relation between good government and Christian principles.

Offer Y. M. C. A. Free Land.

"The governors of several provinces have offered us free land to build Y. M. C. A.'s on," he said. "A few years ago it was almost impossible to buy land for such a purpose. When John R. Mott, the international secretary of the association, went into Manchuria to speak, there was no hall large enough to hold the crowds. The governor, at his own expense, built a temporary auditorium for the purpose. The general legislative assembly of Puchow province adjourned a regular session to hear another of our speakers."

When the national Christian convention of the Y. M. C. A. met in Pekin President Yuan invited the delegates to his Yamen, his "white house." We were ushered into a large room of the executive mansion and seated. A moment later a brisk man in a khaki uniform, accompanied by several soldiers, entered and mounted the platform.

"You are building strong, unselfish character in your association, and that is what the republic wants," he said.

Confucian, but Gives \$3,000.
"Yuan, although a Confucian, gives us \$3,000 a year. He is the most experienced statesman in the country and would remind you much of Roosevelt. He has never done any public work that he has not done well. He has been a great factor in making an efficient Chinese army out of what under the empire was the laughing stock of nations. And he has been responsible for great reforms in education."

"Dr. Sun Yat-Sen, however, is the idol of the country; scholarly, intelligent, lovable. He withdrew from the presidency because he believed Yuan was in a better position to unify north and south. But he is sure to be president again."

COHAN'S FAREWELL TO STAGE.

Chicago, May 24.—With the fall of the curtain on "Broadway Jones" at the Grand Opera house tonight, George H. Cohan, author and star of the play, owner of the theater and, all in all, probably the greatest financial "winner" the theatrical game has ever produced, takes his permanent farewell of the stage. Hereafter the young actor-playwright-songs-writer-manager will confine his business energies to writing plays and managing the Cohan and Harris productions and theaters. The stage will know him no more as an actor.

Less than a score of years ago Mr. Cohan was a humble private in the ranks of the vast army of American vaudeville entertainers. Now at 35 years of age, he is in the enjoyment of a fortune estimated as high as \$2,000,000 and every dollar of it earned by his own efforts.

According to the calendar Mr. Cohan is a real live nephew of Uncle Sam, for he was born on the morning of July 4, 1878. The particular spot selected for his birthplace was Providence, R. I., and it was in the same city that he made his stage debut ten years later in a play written by his father, and of which his mother was the business manager. For several seasons following young Cohan, with his parents, and sister, toured the vaudeville circuit under the name of "The Four Cohans." His first effort as a play writer was "The Governor's Son." It was successful, and Mr. Cohan's career was assured. In rapid succession followed "Little Johnny Jones," "Forty-five Minutes From Broadway," "Fifty Miles From Boston," "The Little Man Who Owns Broadway," and several other pieces, which met with phenomenal success.

As a writer of popular songs Mr. Cohan also earned an enviable reputation and at the same time added many dollars to his pile.

DECORATION DAY AT ARCADIA.

Memorial services will be held at Arcadia cemetery on Decoration day May 30th at 2 p. m. Rev. C. E. French will deliver the address. All who are interested are invited to come with baskets well filled with flowers and do honor to those who stood by the old stars and stripes.

WOMAN'S COLLEGE NOTES.

In line of the general announcements, as published a number of weeks ago, the trustees are issuing invitations to a reception to be held Friday, May 30th, in honor of President and Mrs. Harker. In all the commencement events the trustees and faculty have full charge, and have made arrangements for speakers, etc.

Dr. Thomas Nicholson of New York is expected to reach the college next Wednesday. He will give the commencement address on the 4th.

Dr. Hancher, counsellor for the board of education, will remain at the college until Dr. Nicholson arrives.

An important meeting of some of the workers and others interested in the endowment was held Wednesday afternoon in the college parlors. Men from various parts of Central Illinois were in attendance and vital interests of the college were discussed.

There will be a few changes announced in the faculty at the commencement season this year. The majority of those changes are caused by the various members of the faculty going to other schools for advanced work. Further details of this announcement will be made later.

The bleachers have been set up at the west end of the tennis courts and are being used by students in watching the games taking place in the tennis tournament. Contests are becoming more exciting and interesting as the elimination progresses.

Miss Elizabeth Dunbar has just been appointed to the assistantship of the Raymond high school at Raymond, Ill. This is a very desirable position, and her friends will rejoice with her.

Members of the College of Music faculty and Miss Parsons of the expression department gave a very delightful program Tuesday afternoon to the visiting Redmen.

Thursday afternoon an informal recital in the College of Music was enjoyed a good audience. Following this Thursday night occurred an interesting program in ensemble music. This was especially well given, and was deserving of the generous applause it received.

The library has recently received donations of magazines from Mrs. M. E. Layton and Mrs. D. E. Kennedy. We very much need either bound volumes or odd numbers of Chautauquan, Eclectic, Charities Review, and North American Review. Will you not remember us during the housecleaning season with gifts of any magazines you may not care to keep?

CENTENARY EPWORTH LEAGUE.

The Epworth league of Centenary church was entertained at the parsonage Friday evening. The annual election of officers was held at this time. Two tickets had been selected by a nominating committee and the balloting was in the Australian system. The two tickets ran quite even; five being elected on one and four on the other. Those elected are:

President—Myrtle Sheppard. First vice president—Nina Fee. Second vice president—Mrs. Dwight Kastrop. Third vice president—Bessie Mather. Fourth vice president—Mrs. Claude Vail.

Secretary—Olive Weatherford. Treasurer—Claude Vail. Chorister—Fred Barr.

HURLS DISCUS DISTANCE OF 113 FEET AND 7 INCHES.

Tennison of Millikin Breaks 100 Yard Dash Mark By Going Distance in 10 Seconds Flat—Millikin Wins Meet—Illinois Gets 12 Points.

PEORIA, ILL., MAY 24.—Two inter-collegiate records were smashed during the running of the first half dozen events at the sixth annual track meet of the Illinois inter-collegiate athletic association at Bradley institute field today.

Prins of Illinois college hurled the discus 113 feet 7 inches, securing first in the event for his school. The old record was 111 feet flat. The second record was broken when Tennison of James Millikin university flew down the lane in the 100 yard dash in 10 seconds flat.

PIRATES WIN FROM CUBS BY 4 TO 3 SCORE

Base Running By Wagner Gave Pittsburgh Two of Their Four Runs.

Pittsburgh, Pa., May 24.—Cannitz pitched his best with men on bases today and Pittsburgh defeated Chicago 4 to 3.

Cheney held Pittsburgh to seven hits but a passed ball by Archer in the eighth inning allowed Carey to score the winning run. Cannitz was wild, hitting Cheney and Archer on the head. Cheney was out of the game for nearly five minutes after being hit. He was able, however, to resume pitching.

Tricky base running by Wagner netted Pittsburgh two of their four runs. Cannitz' three bagger, Hyatt's single, Carey's force out and steal and Viox's single gave Pittsburgh two in the third. Philadelphia 3; Brooklyn 0. Brooklyn, N. Y., May 24.—The fast going Philadelphia shutout the Brooklyn 3 to 0 today by hitting Ragan hard in the first inning, when six hits, including a triple by Magee, scored all the runs of the game. Ragan settled down after that and while hit frequently was saved by excellent support. Alexander was also batted freely but tightened up when in trouble. Score: Phila. 306 000 000 3 12 1. Cards Win Double Header. Cincinnati, O., May 24.—St. Louis took both games of a double header from Cincinnati today, the first 12 to 4 and the second 4 to 3 after a desperate struggle of 11 innings.

Johnson, the Indian, started the first game for Cincinnati and got along well until the fifth when St. Louis practically won the game by scoring five runs. Packard and Harmon had a pitchers duel in the second game up to the ninth in-

ON THE SIDELINES.

Another for Philadelphia and over their nearest rivals, Brooklyn, by the shut-out route.

Pretty good beginning for Chance at home for the Boston Reds to day is something to be proud of, especially in view of the improved form the Reds are displaying. Looks as if Chance would take the majority of this series with Stahls team.

The Athletics seem to have it on the Washingtons at last and won in easy fashion. All Griffith's rosy dreams of a pennant for this year seem to be vanishing into thin air. About the best he can do will be to put up a game fight and stick close to the leaders in the hope of a slip which will allow his team to creep in.

Detroit needs every game she can win. Chance is determined to pass them and get out of the cellar. Remember the last time Jennings and Chance met. It was but a few short years ago that they were at the top of the heap in their respective leagues battling for world's championship honors, the observed of all observers. And now! Truly, the first shall be last, as something or other has it.

Simms has pitched his first game for Peoria and won in impressive style. In a game against Champaign Friday he was so effective that the Champaigners made but one run and but for an error by Desmond, Buck could have started his minor league career with a shut out. He struck out ten men and in the ninth struck out three men. This certainly looks as if he had the goods and would stick for the season. He was at bat twice and made one hit. He had three assists and no errors. Buck deserves to be in good company like that of Herbert and pale and there is sure to be some interesting news for his many friends in this, his home town, during the season.

Tadlock, once with Paducah in the Kitty league, is pitching for Champaign in this year's I-M circuit. He was in the game against Simms, relieving Tadlock in the ninth. He passed Simms, who took second on a passed ball, went to third on a base on balls to Desmond but was thrown out at the plate when Powell grounded to short.

Pittsburgh has found the Cubs easy. So have the rest of the National teams of late. Its time for that re-organization, Mr. Murphy.

Begins to look as if Washington is a one man team. If so, very potent will greet the eyes of Woodrow Wilson when he goes out to the end of Seventh and Florida avenue next year.

Chance has yet to win a game before a home crowd. From the improvement lately developed in their play the Yankees should get at least an even break on the home grounds this time. They will have almost a month of it at home.

Kansas City and Milwaukee are said to be after bertha in the new Federal league. President Powers has determined to stick to six clubs this season but next year the league will expand into an eight club affair. It seems to be making good. The North Side in Chicago has adopted the Reds as their own. This is something that section of Chicago has long wanted in order to be in line with the South and West sides with their Sox and Cubs.

Brooklyn fans have raised a purse of \$5,000 to be used in the purchase of an automobile for Jake Daubert and various trophies and gifts for the other members of the team. This is the nature of showing appreciation of the great work of the Dodgers in putting Brooklyn back on the baseball map.

John McGraw pays the Phillies the compliment of saying that Alexander, Semon and Chalmers are the best trio of right handed pitchers the Giants have had to face this year. He considers that Quaker's real opponent, contenders and says the club that beats them out will play in the world's series next October.

Another great character has probably played his last game. Jack Coombs, the Athletics' Iron Man, is so seriously ill that he is given but a slight chance of recovery. He is in a Philadelphia hospital and is attended night and day by trained nurses. His illness is a result of the strain he underwent in pitching the Athletics in to the world's championship in 1911.

The rejuvenation of McLean has been a good thing for the Cardinals. Long Larry is tied to the wagon seat and promises Higgins not to look up for the rest of his playing days. What a pity that such a grand ball player should be his own worst enemy.

Ed Walsh is to go into the correspondence school business. He has a series of lessons on the art of pitching at one buck per lesson for a series of ten he expects to add a very neat little sum to his automobile expense liquidation. It is a good idea and will no doubt be a success.

Mullin isn't all in by any means, judging by what he did at Philadelphia. He claims to be able to pitch as well as ever. He had outlived his usefulness at Detroit, which was Jennings' sole reason for letting him go.

The accident to Morgan is to be deplored. He has been a tower of strength at second for Griffith. With Foster, Gandil and now Morgan on the hospital list the wonder is that the Senators have been able to make as good a showing as they have.

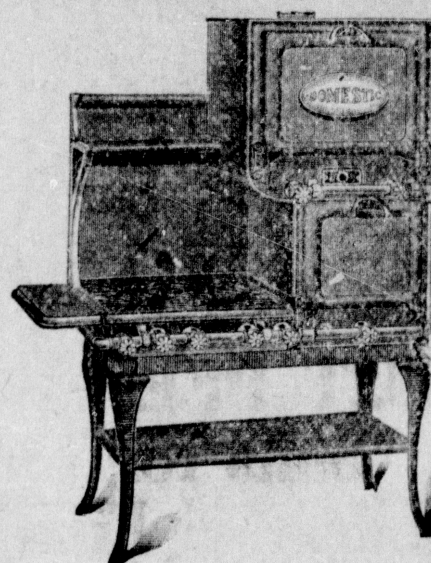

CHICAGO DEFEATS ILLINOIS. Chicago, May 24.—The University of Chicago defeated the University of Illinois in 12 innings today 2 to 1. Pitcher Baumgartner's hit scored the winning run. Score: R. H. E. Illinois 000 000 100 000 1 4 1. Chicago 000 001 000 001 2 8 4. Batteries—Watts and Fletcher; Baumgartner and Mann.

WHITE SOX TO WINCHESTER. The White Sox ball team will go to day to Winchester where they will cross bats with the fast club at that place. The battery for the Six will be Nelson and House.

The lineup: Nelson, pitcher; House, catcher; Woodman, first base; Rogers, second base; Denny, shortstop; Franz, third base; Anders, left field; Smith, center field; DeFrates and Able, right field.

First game: R. H. E. St. Louis 000 506 001 12 12 1. Cincinnati 000 000 220 4 7 3. Batteries—Willis, Griner and Hildebrand; Harter, Nelson, Johnson and Wingo.

Second game: R. H. E. St. Louis 000 000 110 01 11 1. Cincinnati 000 001 002 00 3 10 1. Batteries—Sallee, Harmon and McLean; Brown, Packard and Kling.

Why Stand for Such Agony?

It is Entirely Unnecessary that Anyone Suffer with
Boils, Carbuncles, Abscesses and Other
Eruptive Sores.

Get Your Blood Purified With S.S.S. and You Won't be Tortured Like This.
Get the stagnation out of their blood with S.S.S.

This wonderful remedy works on the
principle of stimulating cell growth, of

enabling the blood to quickly infuse new
life into the tissues, to stop decay, to
prevent the formation of those accumu-
lations of broken down cells that rapidly
multiply into the form of carbuncles and
other eruptions.

Science cannot explain just why certain
elements in the blood feed the bones,
others nourish the hair roots, and so on.
And it is this same mysterious action of
S.S.S. that attacks all diseased spots,
drives away all germs, heals all sores and
supplants the activity of disease germs
with the powerful healing action of leu-
cocytes. Remarkable testimonials have
been written that prove beyond question
there is no blood disease but what can
be cured by S.S.S. And in all those
cases that were treated with mercury,
iodides, arsenic, copper and other min-
erals with no permanent effect, the most
astounding recoveries have been made
by S.S.S.

There is not a blood taint of any nature
that can remain in a system fortified by
this most wonderful remedy, for it is
absolutely pure and contains only those
elements that the blood naturally assim-
ilates, and which the tissues gratefully
accept. It agrees with the most delicate
stomach, even in those cases where the
use of strong drugs has so weakened the
digestive system that medicine cannot
be given. Get a \$1.00 bottle of
S.S.S. at any drug store and thus be
assured of a complete cure of any erup-
tive blood disease. If your case is peculiar

Movies Like Jacksonville.

The picture man will continue
taking hundreds of more feet of
films of Jacksonville. Arrange-
ments have been made with the com-
pany to make three reels, or a total
of 3,000 feet of films, which is three
times the amount contracted for at
first.

Yesterday splendid pictures were
taken of the fire department with its
new auto truck engaged in a
spectacular run, and of the executive
officers of the Chamber of Com-
merce and the city administration.
Work was suspended in the after-
noon but will be resumed as soon
as more new films arrive from Chi-
cago.

These moving pictures depicting
Jacksonville at work and at play
will increase the spirit of loyalty
to the city of which we are all so
proud. Many times we are ac-
customed to thoughtless complaint
and knock, when it would be just
as easy to boost, for the things
which we need. When these pictures
are viewed at the Grand opera house
in a week or ten days many of us
will be surprised to see what a live
city Jacksonville has been.

"Know Our Own City," should
continue to be one of our watch
words. The auto trips and the
moving pictures should bring the
home more forcibly to all of us and
the spirit to do and work for Jack-
sonville will grow until the knock-
ers will be scarce.

Tomorrow is Chautauqua Day.

Final plans will be submitted,
discussed and passed upon by the
various members of the committees
who have charge of building up an
educational festival which is going
to be made one of the biggest events
in the history of Jacksonville.

Work is farther along in making
preparations for this year's chautau-
qua than it was ten days before the
date set for the event last year.
This getting down to business early
will insure a more careful and bet-
ter selected program that can be
widely advertised.

Mr. James E. Shaw of Bloom-
ington will arrive early from Bloom-
ington and will spend the day in con-
ferences. In the evening the fol-
lowing committees members will
meet jointly at six o'clock dinner at

Noonday Luncheon Tuesday.

The noonday luncheon which is
to be held at the Pacific Hotel Tues-
day May 27th, will be one which
will prove instructive for all the busi-
ness men, particularly the retail trade
of the city. You are cordially invited
by President Andrews to be pre-
sent, no matter if you are not a mem-
ber of the Chamber of Commerce.

The principal speaker of the occa-
sion will be Mr. O. A. Charles, a news-
paper man and president of the Na-
tional League for Investigating the
trade at home message. He has

gained a wide reputation through ap-
pearing on the program of national
and state trade organizations and
he talks facts and truths which are
unknown to the average business
man.

he Jacksonville delegation heard
his address before the Illinois Retail
Merchants Association sitting in a con-
vention recently at Alton, and they
were so much impressed by Mr.
Charles that they asked him to ad-
dress the members of our associa-
tion.

The following is the quotation tak-
en from the Chicago Tribune, "Mr.
O. A. Charles, President of the Na-
tional Home Trade League gave an
address before the Illinois Retail
Lumber Dealers Association at the
Sherman Hotel which was exception-
ally well received. Mr. Charles
shows a wonderful knowledge of the
text of mail order competition on
the retail merchants in the country
towns, and if the way his address
was received by the Retail Lumber-

successful." Mr. Charles is a for-

What Rock Island is Doing.

The meeting called for last Thurs-
day afternoon of the representatives
from the different organizations in
the city showed that there was not
the proper interest in continuing the
work which has been started in such
a small way for building up and
beautifying Jacksonville. Other cit-
ies are making strenuous efforts in
cleaning up the city. In Rock Is-
land the civic department of the
Women's Club and other organiza-
tions of the city have all offered
prizes ranging from \$10 which is the
first prize for the greatest improve-
ment in a front yard to a \$3 prize
to children under sixteen years of
age for the best vegetable garden.
They have arranged this contest
to last from June 1st to October 1st,
and the people of the whole city are
thoroughly in accord with the move-
ment.

Jacksonville should be doing the
same thing but one or two can
merely scratch the surface; what
it takes is the active support of the
women and business men.

"In the Spring a young man's fancy lightly
turns to thoughts of love."

Young lady, when you lie forth in the moon lit evening
hours to keep your tryst with that young man you will
want to be looking your best—he will expect it. "Look-
ing your best" does not necessarily mean wearing your

most elaborate frock. Your dress may be simple but if you have given proper care to the details and more
particularly to your hair, you need not be afraid. Unkept, untidy hair will ruin the effect of a spick
and span toilette quicker than anything else.

PRINCESS LOUISE
WEDS PRINCE AUGUSTONLY DAUGHTER OF GERMAN
EMPEROR MARRIES AT BERLINWedding of Prince Ernest August of
Cumberland Consisted of Simple
Service of the Lutheran Church.

Berlin, May 24.—In the presence of one of the most distinguished assemblages that could be gathered in Europe, the Princess Victoria, Louise, of Prussia, only daughter of the German emperor, was married today to Prince Ernest August of Cumberland. The wedding was performed in the chapel of the Schloss and consisted of the simple wedding service of the Lutheran church.

The spirit of the affair was plain and democratic, although the costly gowns and jewels and the showy uniforms of distinguished personages, high officials of the empire, the army and the navy, the foreign envoys and the delegations representing the municipalities furnished a regal setting.

Arrival of Bridal Party.
The spectacular part of the wedding consisted of the arrival of the bridal party at the chapel. The civil ceremony, which had taken place earlier in the day, was entirely private and the attendance was limited to the households of the bride and the bridegroom. But the arrival of the bridal party at the chapel afforded an opportunity for the populace to give vent to its enthusiasm. Representatives of all parts of the empire and many foreigners were in the great crowd that thronged the vicinity of the palace, while the brilliance of the decorations of Unter den Linden and neighboring thoroughfares appeared like a continuous canopy of garlands, banners and arches. Red and black, of course, predominated in the wilderness of flags and bunting, but light touches of other color gave a delightful picturesqueness to the combined effect. Windows everywhere were hung with pictures of the bridal couple, and the emperor and empress, as well as the imperial army.

Many Royal Families Represented.
More than half a hundred representatives of the royal families of Europe were assembled in the chapel to await the arrival of the bride. Most conspicuous of the number, of course, were the king and queen of England, whose every public appearance during the day was the signal for an outburst of public enthusiasm that betokened well for the success of the sincere efforts that are being made on both sides to bring about a closer friendship between Britain and Germany.

Other representatives of royalty present included the king and queen

of Italy, Archduke Francis Ferdinand, representing the emperor of Austria; the king and queen of Denmark, and the crown prince of Roumania, Greece and Sweden.

The royal guests all stood in a wide circle about the altar, for there were no pews, and behind them, without regard to rank, were the members of the foreign embassies, with Ambassador Leishman and Mrs. Leishman among them, the rulers of the German states, admirals of the navy, the commanders of army corps, the cabinet ministers, several hundred members of the nobility and a large corps of newspaper correspondents.

White Bridal Gown.
The bridal gown was of white satin and handmade lace, made with a court train three and one-half yards long. Four maids of honor carried the train, and behind them walked two pages. The bridal veil was of filmy handmade lace. The bride wore a small crown of diamonds and rubies. Her only other ornament was a necklace of diamonds.

The bridegroom wore his uniform as an officer of the Bavarian army. In his left hand he carried a helmet with white plumes, and his breast was decorated with the ribbons of the several orders to which he belonged.

The wedding processions entered the chapel to the strains of a military march. The choir in the loft above sang a hymn, in which the congregation joined. The court chaplain, with a number of the clergy standing near him, then began the service. Earnestly and solemnly he spoke of the beauty of love, the large responsibilities resting on the youthful pair, and the need for the support of faith and spiritual vision. The mutual promises to love and obey were given, the rings were exchanged and the brief ceremony was brought to end with the reading of the Liturgical prayer, while bride and bridegroom knelt before the chaplain.

Bride and Groom Congratulated.
When the ceremony was concluded congratulations were in order. King George immediately advanced toward the bride, kissed her on both cheeks and offered her his congratulations. His example was followed by the emperor and the Duke of Cumberland, father of the bridegroom. All the royal ladies present kissed the bride, and the men kissed her hand. Prince Ernest likewise came in for his full share of the felicitations. The ceremony was followed by a reception in the White Hall. Later in the evening the wedding festivities were concluded with a state banquet and a torchlight dance, a practice peculiar to weddings in the House of Hohenzollern for centuries.

Case of Genuine Affection.
Although the marriage of Prince Ernest August and Princess Victoria Louise is an alliance of high political significance, it is insisted that genuine affection is primarily responsible for it. Prince Ernest, who became

the heir of the Duke of Cumberland a year ago, after the death in a motor car accident of his elder brother, Prince George Wilhelm, is 25 years old, and therefore five years the senior of his bride, who will be 21 next September. The two met for the first time in Potsdam last summer, when the prince came to thank the emperor for his sympathy on the occasion of the death of Prince George. The prince and the emperor's daughter are said to have been mutually attracted at first sight and a brief courtship was followed by the announcement of their engagement early in February.

May End Long Standing Quarrel.
The political significance of the marriage lies in the fact that it is regarded as a satisfactory settlement of the long standing quarrel over the succession to the throne of the kingdom of Hanover, to which the Duke of Brunswick, father of the bridegroom of today, and who also bears the English title of Duke of Cumberland, is a claimant. The origin of the dispute dates to the time of George I., who, when he succeeded to the English throne was both Duke of Brunswick-Luneberg, and king of Hanover. There was another house of Brunswick, the house of Brunswick-Wolfenbutter, which had arisen from a division of the possessions of Ernest the Confessor, Duke of Brunswick-Luneberg, between his two sons.

It happened that while George III. of England inherited the Guelph possessions, the dukedom of Brunswick-Luneberg and the kingdom of Hanover, his sister, Auguste, married the Duke of Brunswick-Wolfenbutter. Her grandson, William, Duke of Brunswick, died in 1844 without issue. This terminated the house of Brunswick-Wolfenbutter, and left all the claims to the title of Duke of Brunswick to the house of Brunswick-Luneberg, which is now represented by the bridegroom of today and his father, the Duke of Cumberland. Political complications in which Emperor William figured very largely led to the refusal to allow the Duke of Cumberland to become king of Hanover or enjoy the estate of the Duke of Brunswick. On the other hand, the English throne has persistently pressed the claims of the Duke of Cumberland, who is a first cousin of the late King Edward VII. Naturally the dispute has had a tendency to disrupt the friendly relations of the German and English royal families. It is now expected that the breach will be permanently healed by the emperor placing his new son-in-law on the throne of Brunswick, with the title of duke.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

FINANCIAL WORLD HAS BIG PROBLEM

**PROBLEM OF SUPPLYING RE-
QUIREMENTS FOR NEW CAP-
ITAL.**

**New York City Bonds Or Chinese
Loan Failed to Awaken Specula-
tive Activity or Stimulate Invest-
ment Demand.**

(By Associated Press)
New York, May 24.—While the stock
market has been almost dead from day
to day, with price fluctuations narrow
and shifting, the financial world has
been provided with the problem of sup-
plying requirements for new capital.
Neither the New York city bonds or the
Chinese loan proved sufficiently in-
clusive to resolve the doubt as to the
definitive basis on which the investment
demand for capital is to adjust itself.
The good features claimed for both in-
sures did not alter the palpable fact that
they failed to awaken speculative in-
terest or stimulate investment de-
mand.

The statement of the New York City
controller that in the "state of public
credit at present the country proves too
cities and states are spending more
money than the available credit justifies"
was considered significant. The Chinese
loan, a five per cent bond offered at 90,
and understood to yield but 84 to China,
offers small incentive to competition by
less prodigal borrowers.

Conditions in the foreign exchange mar-
ket point conclusively to foreign influ-
ence as the source of the strain.
The stringency in the capital market
proves trying to corporation borrowers
with maturing obligations. Many of
these are impending, the fruit of the
policy of short term borrowing pursued
for several years past. Severe tests
in the securities market and an
explanation in the difficulties in meet-
ing this situation, on renewed selling for
foreign account. Both these stocks, how-
ever, failed when the list went up.

With the banks again cash on the
week the increase of \$15,000,000 was con-
siderably smaller than was indicated by
known movements of currency. Another
small addition was made to excess re-
serves.

Have You Seen America?

Have you ever stood on top of Pike's Peak and looked off at the rest of the world and experienced sensations that are not to be described in words?

Are you numbered among those who know the pleasures and benefits of a sojourn in that great natural sanitarium—the Black Hills of South Dakota?

Have you ever enjoyed the health-giving pleasures of a camping trip in the Big Horn Mountains of Wyoming or along the Cody Road to Yellowstone Park?

Did you ever go coaching through Nature's wonderland—Yellowstone Park?

Have your eyes ever been blessed with a sight of that emerald gem of the Northern Rockies—Lake McDonald—in Glacier National Park?

Have you ever stood on the shore of Great Salt Lake and seen the tints of Utah's skies at sunset?

Did you ever visit "The Charmed Land of the American Continent," bordering on America's Mediterranean (Puget Sound) and the surrounding country to which Nature has given a bewitching beauty and a wonderful climate?

Did you ever peer over the rim of the Grand Canyon in Arizona and gaze down into that wonderful chasm which no one ever has been able to describe?

Are you familiar with the undreamed-of scenic wealth of glorious California—that land of out-of-doors?

These are but a few of the many show places in America that Europe would pay fabulous prices to get, but can't have because they are ours to enjoy here in this country.

If these scenes are strange to you, why not pack your grip and visit some of them this summer?

No form of education is more inspirational than travel. Decide right now to make 1913 memorable for its perfect vacation.

Make the most of your trip—let me help you plan it. The furnishings of some of our vacation trips is a part of "Burlington Service."

BRONCHITIS PREVALENT

Brooklyn, N. Y., Man Tells of Best Remedy.

At this season of year with such sudden changes it is so easy to take cold, and almost before one is aware there is inflammation in the bronchial tubes—a hard cough and unless checked in time chronic pulmonary troubles may result.

Wilbur Adams of Brooklyn, N. Y., says: "A severe bronchial trouble contracted in January caused me much difficulty about breathing. My chest felt clogged up and there was considerable soreness, all of which made me quite uneasy, besides being very painful."

"I tried different remedies without help, but I am glad to say that Vinol cured my bronchial trouble which had lasted for three months. My breathing is all right now and the soreness entirely gone from my chest."

Vinol contains the curative, healing principles of fresh cod livers (without oil) and tonic iron. We guarantee it to be delicious in taste and to satisfy you with its medicinal effects. Lee P. Allcott, druggist, Jacksonville, Ill.

P. S. If you have any skin trouble try Saxo Salve. We guarantee it.

INFLUENCE OF WOMEN.

The influence of women, glorious in the possession of perfect physical health, upon men and upon the civilization of the world could never be measured—but what about the ailing, nervous, depressed woman who is a damper to all joyousness in the home and a drag upon her husband? Every such woman should remember that the one great American remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound and give it a trial at once, and thus put herself in the way of restoring that perfect physical health which is hers by birthright.

For Monday the management takes pleasure in announcing a vaudeville and moving picture program of special merit.

Ned Melroy, eccentric comedian, will contribute a large measure of fun and hilarity to the evening's entertainment. Mr. Melroy is appearing in some of the best of the vaudeville houses and is accounted a high class head liner.

The Picture Program

The splendid picture program includes the following.

A Shower of Slippers (Edison)

The gossips catch the village belle making a pair of slippers for the bachelor parson, and how the tongues wag—Each gossip steals to the parsonage armed with a pair of slippers and the poor man is deluged. His sister provokes a riot by giving them all to a peddler.

Special Notice to Patrons

We have installed four sixteen inch, six blade fans in this theatre and there are over twenty exits to the house which will be kept constantly open during the summer weather. A little later a large exhaust fan will be placed in the dome of the ceiling and the entire arrangements will be such that patrons of the Grand will be cooler and more comfortable in this theatre than they possibly could out of doors. Nothing is too good for our patrons in equipment and nothing is too good for them in the entertainment line and already we have planned some very special amusement bargains. Every vaudeville act will be carefully censored and nothing which can be in any way termed objectionable or suggestive will be permitted.

MR. LONERGAN MAKES STATEMENT

Early in the present month a fence
on the farm of Thomas Winter in
the vicinity of Murrayville was cut
and blood hounds were secured from
Springfield. They followed a trail
which led them to the farm of James
Loneragan and it was reported that
the dogs went clear up to his door.
Mr. Loneragan was in Jacksonville
Saturday and requested to Journal to
state that the dogs did not come near
than twenty five feet of his door.
He said that if the dogs had been
permitted to go further they might
have followed the trail to the proper
place. He says also that if someone
will furnish him information as to
the identity of the man who was
in his yard about ten o'clock the
night previous to the cutting of the
fence that he will be able to fur-
nish facts about the guilty one. Mr.
Loneragan who has long been a re-
spected citizen of the county says
further that he absolutely did not
cut the fence and that he does know
who did the cutting.

It is time to buy those commence-
ment presents; we have them. Al-

PUMPING FROM THE LAKE.

The continued dry weather has
resulted in a short supply of water
thus early in the season and for sev-
eral days now the city supply has
been pumped from Morgan lake.
Persons who visit the lake regularly
cannot fail to notice that the water
has lowered rapidly during recent
days and cannot but hope that there
will soon be enough rain to give a
temporary supply in the creek again.

However, the indications are that
the Jacksonville Water company will
be ready with water for the city
mainly by June 1st in accordance
with their contract. For several
days recently water has been pumped
from the Bluffs plant into the
Mauvaisterre creek at a point west
of Markham at the rate of a million
gallons a day. This amount was de-
livered with one pump. There are
some minor leaks in the pipe line be-
tween Neelyville and Bluffs but they
are not of a kind to occasion any
special trouble and will be stopped
as soon as some other work has
been given attention.

MANY AUTO VISITORS IN CITY SATURDAY

Good Condition of Roads Makes
Traveling Long Distance Possible
—Drivers Need Warning at Night
Where Bridges Are Being Put in.

Saturday came almost being auto-
mobile day in Jacksonville and if the
film man had thrown his camera
about Central park in the afternoon
he would have lined up over 60 ma-
chines. This part of the state has
been out of the rain belt so that a
great many visitors to the city came
a long distance yesterday. A
citizen was commenting upon the
thoughtlessness of some auto own-
ers in placing their cars about the
park. On one corner it was noticed
that five cars were placed the long
way, thus taking up considerable
more room than was necessary. By
either heading the cars in, or back-
ing them it is astonishing how
many autos can be "tied" about the
park.

Warning a Good Thing.

This is the time of the year when
a number of bridges are being
erected throughout the country, the
high water of the spring season hav-
ing given a clue to the weak places.
There were a number of bridges
washed out completely and these are
being repaired. It often happens
that a driver in going through the
country is not acquainted with the
places where bridges are being put
in and at night time, if running at
a good rate of speed, is liable to find
his machine and occupants in the
ditch. A red lantern placed at
those places would be a great help
and might be the means of avoiding
bad accidents, resulting in the loss
of lives.

Came Long Distance.

As the summer months approach
automobile parties travel greater
distances. Perhaps the longest
distance party to visit Jacksonville
was Mrs. Owens and her two sons,
who arrived Saturday from Roches-
ter, New York. They were traveling
in an "E. M. P." car. They stopped
at the O'Donnell garage and in the
afternoon pursued their journey to
Kansas City, where they will visit
with relatives and friends. They
came via Chicago and reported the
roads quite muddy in the north cen-
tral part of the state.

SOCIAL EVENTS.

A dinner will be given today at the home of Dr. and Mrs. David W. Reid, in honor of their son Robert, whose marriage to Miss Zella Stout is announced to take place early in June.

Announcement was made recently in Vermillion, South Dakota, of the engagement of Miss Vera Edith Kahl to Mr. Harlan Lee Caldwell of this city. The marriage is to be solemnized June 24. Miss Kahl is the daughter of Mrs. Stella Moore Kahl, a well known resident of Vermillion. Mr. Caldwell is the senior member of the Caldwell-Nelson Engineering Co.

A studio tea in honor of Miss Zella Stout, who is soon to be married, was given Saturday afternoon from 3 until 5 o'clock by Mrs. A. W. Baldwin at her home at 426 East North street. About twenty-five art students of Mrs. Baldwin were present. Dainty refreshments were served in rooms decorated with spring flowers. Two guests were present from out of the city, Mrs. Martha Henry and daughter, Mrs. George Curtis, of California.

A number of interesting games were played. One of them was a transposition game in which cards bearing the transposed names of articles of the studio were handed to each guest. Good wishes written on dainty palette-shaped cards were presented the bride-to-be by each young lady present. The time passed all too quickly and the young people declared it one of the most novel and entertaining social events of the season.

Miss Ruth Badger entertained a number of her friends Friday evening at her home, 702 West College avenue, the occasion being her 17th birthday. The evening was spent in a delightful social manner and during the hours light refreshments were served.

In the current issue of the World's Work are shown a picture of the house on West College avenue where Secretary of State William J. Bryan first began house-keeping and a picture of Mr. Bryan as he appeared when a young lawyer in this city, when he wore a full beard. The photographs for these cuts were taken by Robert Reid, proprietor of the McCullough studio, and were requested by the publishers of the magazine. The original photo of Mr. Bryan, from which the copy was made, is the property of Mrs. M. F. Dunlap, who loaned it for the purpose.

THE WHOLE SHOW.

The Keokuk Gate City of May 23 has this to say of a Jacksonville boy who long ago made good on the minstrel and vaudeville stage:

"Frank Kirk is billed as a musical tramp and his performance is easily the leading feature of the four attractions. Kirk is a musician of more than ordinary ability and his circus imitations are without duplicate anywhere. Kirk is a steam calliope, a band and a banjoist almost in the same breath. He is great."

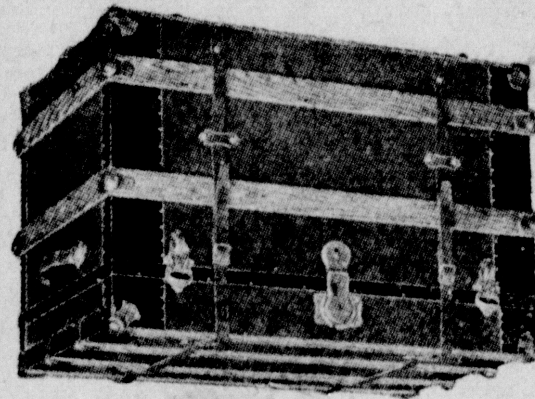

CARNIVAL COMING.

That's what they say when they see those classy, up-to-date rigs of Cherry's on the streets.
